Comviva's mobiquity® Pay crosses 7.5 Billion Annual Transactions, Reinforcing Global Leadership in Digital Financial Services

Processing over \$400 billion in payments annually—equivalent to more than \$1 billion everyday, the platform has solidified Comviva's position as a global FinTech powerhouse

Global Fintech Fest - Mumbai, India – 08 October 2025: [Comviva](#), a global leader in digital transformation solutions, specializing in customer experience management, data monetization, and digital financial services, today announced a remarkable milestone for its flagship fintech platform, [mobiquity® Pay](#), which has surpassed 7.5 billion transactions, processing a total value of USD 400 billion annually. This translates to daily transactions worth more than USD 1 billion across global markets – a value surpassing the GDP of Finland.

According to the GSMA Mobile Money Report 2024, Comviva commands an impressive 24% share of the global mobile money market, reaffirming its position as one of the world's most trusted and widely deployed digital financial platforms.

Built for the next era of digital payments, [mobiquity® Pay](#) is an AI-led, cloud-native digital payments platform that powers secure, scalable, and frictionless financial ecosystems. Supporting mobile wallets, QR codes, and USSD-based payments, it enables seamless and real-time transactions for individuals, businesses, and governments—from everyday retail payments to large-scale social and government disbursements.

Speaking on the milestone, **Srinivas Nidugondi, EVP and Chief Operating Officer, FinTech solutions at Comviva**, said, *"This achievement underscores Comviva's unwavering commitment to enabling inclusive, intelligent, and secure financial experiences at scale. With mobiquity® Pay, we are not just processing payments—we are driving economic growth, fostering financial inclusion, and helping transform how billions of people engage with digital finance globally."*

With 80+ deployments across more than 55+ countries, Comviva's mobiquity® Pay continues to redefine digital payments by ensuring agility, reliability, compliance, and rapid deployment in an ever-evolving digital economy. Trusted by leading telecom operators, financial institutions, and FinTechs, Comviva is shaping the future of payments with AI-driven innovation and user-centric design.
